HALLOWEEN SAFETY TIPS

Safety Tips for Drivers

- Be alert for trick-or-treaters on Halloween. Slow down and continue to scan the road in areas where they are likely to be or where sight distances are limited.
- On Halloween there will likely be more pedestrians on the roads and in places where they are not expected. Slower speeds save lives.
- Stay alert for pedestrians who may come out from between parked cars or behind shrubbery. Stop, wait for them to pass.
- Do not look at your phone when you are driving. Your attention needs to always be on the road.
- If you see a drunk driver on the road, contact law enforcement.

Safety Tips for Pedestrians

- Walk on a sidewalk if one is available and use crosswalks.
- Before the Halloween festivities begin, create a “buddy system” to get each other home safely and prevent walking alone.
