

It's...The Talk of the Town!

May 2019 Issue

Keep Pembroke Beautiful!

Please help us Keep Pembroke Beautiful – if you see litter, pick it up. Enjoy the beauty of our community!

NOTICE OF SMOKE TESTING

The City of Pembroke will be conducting smoke testing to the sanitary sewer system beginning the month of March. These tests involve blowing harmless smoke into parts of the sewer system to find damage, improper connections, and where unwanted water may be entering the city's sewage system. As a result, smoke may be seen coming from roof vents, building foundations, and catch basins, clean-outs, down spouts, sewer laterals or manhole covers. The smoke will not enter your home or business **if it is properly plumbed, vented and the water traps contain water.**

Recommendation for Residents:

If you have a bathroom or plumbing fixture that is not used or is seldom used, traps should be filled by running water in the fixtures the day before scheduled smoke testing. Water can evaporate from unused plumbing fixtures and sewer gases can enter the home. Water should be added monthly thereafter to prevent sewer gas from entering the home or office.

The smoke used is a non-toxic substance that is harmless to humans, pets, food, and material items. If smoke does enter the building, it will clear in a few minutes with proper ventilation. Please advise a representative of the smoke testing crew if any leakage occurs in your home or business. Additionally, if you have any questions about the test, health issues or any other concerns, feel free to contact the Utility Department at 912-653-4413.

Your presence is not required during the tests, and all public safety authorities have been notified of this event.

Thank you for your cooperation.

Stay Cool in the City Pool!

CHIEF'S CORNER

School is almost out for the summer!

Some things to keep in mind:

- Please remember to be extra cautious and aware of children that may be riding bikes or walking.
- Remember to ALWAYS wear a helmet when bicycling and have reflectors on bikes.
- Never leave children or pets unattended in vehicles. Temperatures can become extreme very quickly!
- If you are planning a vacation, it's not wise to advertise our travel plans on social media such as Twitter or Facebook.
- Stay alert while on your cell phone walking. Do not be distracted while crossing the street negotiating traffic.

Have A Safe Summer!
